Welcome to the Frontline family

Dear Frontline Family,

Welcome to the heart of Frontline Healthcare, where compassion meets purpose, and every team member is seen, valued, and empowered.

I'm Millicent Ferguson, the founder of this vision turned reality, and I am genuinely honored to have you as part of our growing family. First and foremost, I want you to know this: You belong here! You were chosen not only for your skillset and experience but because your spirit aligned with something much greater — a mission rooted in love, dignity, and caring!

Frontline Healthcare was born out of a deep calling to do more — to create a space where care is not just clinical, but soulful, where individuals with developmental disabilities, aging adults, and every individual we serve are treated as whole beings: mind, body, and spirit. But I couldn't do this alone. That's why you're here!

Each one of you is a vital thread in this tapestry we're weaving — a team of changemakers, healers, and everyday heroes. Whether you're in direct care, administration, or support, your contribution matters deeply. In return, it is my mission to foster an environment where your voice is heard, your well-being is a priority, and your growth is championed.

This handbook was created to support and guide you, but never to limit you. Inside, you'll find the structure that holds us steady and the values that make us shine: integrity, respect, inclusivity, and above all, love!

Let's walk this journey with intention. Let's lead with kindness. Let's remember that behind every task, every shift, every care plan, there is an individual who depends on us. When we serve from the heart, we change lives.

Thank you for believing in this vision. Thank you for showing up. Thank you for being part of something powerful.

With so much love and gratitude,

Millicent Ferguson Founder & CEO, Frontline Healthcare LLC

WHO WE ARE

Our mission & values

Our mission: “At Frontline Healthcare, we are dedicated to fostering an inclusive environment where every individual feels valued and empowered. We take a thoughtful, well-rounded approach to health, ensuring our services support the physical, emotional, and everyday needs of the people we serve.”

1

Integrity

We do what's right, with honesty and accountability.

2

Respect

We honor the dignity of everyone we serve and work with.

3

Inclusivity

We build a place where every person feels they belong.

4

Love

Above all, we serve from the heart in everything we do.

WHAT WE DO

Supporting people to live their fullest lives

Frontline Healthcare is a certified Ohio DODD agency providing person-centered support to individuals with developmental disabilities, aging adults, and others we serve.

DODD-certified

Certified by the Ohio
Department of Developmental
Disabilities.

Supported living & HCBS

Home and community-based
services and supported living.

Person- centered

Services delivered through each
individual's service plan (ISP).

Around-the- clock

Leadership and support
available 24 hours a day, 7 days
a week.

Our focus is a safe, supportive place for people to live, grow friendships, learn skills, and take part in their communities.

WHO'S WHO

Your team & who to turn to

You don't need to memorize titles — just know who helps with what.

Direct Support Professionals (DSP)

Front-line staff who provide day-to-day support to individuals. This is likely your role or your closest teammates.

Your Supervisor

Your first point of contact for scheduling, questions, training, and performance.

Director of Operations (DOO)

The agency administrator — on call 24/7 for urgent matters and oversight.

QIDP / SSA & Client Rights Officer

Plan development (ISP), person-centered planning, and rights/grievances.

What your first days look like

- 1 Onboarding**
Paperwork, background check & fingerprinting (Rapback), and system access.
- 2 Required training**
Complete all mandatory initial training — required before working with individuals.
- 3 Learn the ISPs**
Review the service plans for the individuals you'll support; shadow a teammate.
- 4 Start supporting**
Begin supervised work, check in often, and ask your supervisor anything.

WORKING HERE

Your schedule & timekeeping

Schedule & timekeeping

- **Work your scheduled hours:** coverage keeps the people we serve safe.
- **Arrive ready:** clock in no more than 7 minutes early; 6+ minutes late is tardy.
- **Leave on time:** depart right after your shift unless pre-arranged.
- **No unapproved time:** you aren't paid for early/late work without approval.

Pay & benefits

- **Payday:** bi-weekly, on Fridays.
- **Direct deposit:** enroll for auto-deposit; otherwise pick up checks by noon.
- **Holiday pay:** time-and-a-half on 6 observed holidays.
- **Benefits eligibility:** full-time staff after 90 days; ask HR/Payroll.

Time off, call-offs & attendance

Requesting time off

- Vacation: request 15+ days ahead (30+ for 7+ shifts).
- Personal time: emergencies only; tell supervisor 8 hrs ahead.
- If a request is denied, you're still expected to work.

Calling off / sick

- Notify your supervisor at least 12 hours before your shift.
- 3+ consecutive sick days need a doctor's note to return.
- Don't come in unwell — you may be sent home.

Attendance standards

- Arrive at least 5 minutes before your shift.
- 3+ minutes late counts as tardy.
- A no-notice absence may be treated as resignation.

Conduct & expectations

We always

- Treat every individual and coworker with dignity and respect.
- Support self-determination, choice, and person-centered care.
- Keep all client information strictly confidential.
- Follow each individual's ISP and complete required training.
- Report concerns and incidents promptly and honestly.

We never

- Work under the influence of alcohol, illegal drugs, or controlled substances.
- Borrow money from, or sell to / buy from, an individual (conflict of interest).
- Provide paid services to your own spouse or minor child.
- Share client information without a written release.
- Retaliate against anyone who raises a concern.

Privacy & confidentiality (HIPAA)

We protect the utmost privacy of every client's personal and health information, consistent with HIPAA and Ohio law.

Keep it out of sight

Paperwork must be kept where others can't read or access it.

Written release required

No sharing client info without a written release of information.

Need-to-know only

Disclose only to those directly involved in the person's care.

It continues after you leave

Confidentiality obligations remain even after employment ends.

Emergencies, incidents & safety

Life-threatening? Call 911

Then give first aid/CPR if trained, and call the on-call supervisor.

Know the postings

Emergency numbers and evacuation routes are posted at each location.

Report UIs & MUIs

Unusual and Major Unusual Incidents are reported per DODD rule 5123:2-17-02.

MUIs: act fast

Life-threatening incidents require an MUI within 24 hours.

Medication safety

Follow MAR procedures; report any med errors immediately.

Fire

Only fight a small fire if safe; otherwise evacuate, assist others, call 911.

See something? Say something.

Clients and employees may file a grievance at any time. It is against our principles — and the law — to retaliate against anyone who raises a concern in good faith.

RAISING CONCERNS

How to report

1

Talk to your supervisor

Most issues are resolved fastest with a direct conversation.

2

Client Rights Officer (CRO)

For grievances; the CRO responds in writing within 30 days.

3

Incidents (UI / MUI)

Report patient-safety and incident events right away per policy.

4

Abuser Registry duty

You must report disqualifying charges/convictions within 14 days.

YOUR ROLE

Person-centered support in action

As a Direct Support Professional, you bring our mission to life every shift. (Customize per role as needed.)

Know each person's ISP

Review and follow the service plan before and during support.

Support choice & independence

Help individuals plan their lives and build everyday skills.

Document accurately

Timely, honest records and incident reporting are part of the job.

Grow your skills

Complete annual training and keep certifications current (e.g., CPR/First Aid).

The systems & records you'll use

1

Electronic records

Client information, case notes, and emergency contacts.

2

Medication records (MAR)

Document medication administration accurately and on time.

3

Service plans (ISP)

Each individual's person-centered plan guides your support.

4

Incident reporting

Submit UI / MUI reports per agency process and DODD rules.

5

Scheduling & timekeeping

Record arrival & departure accurately on your timesheet.

6

Getting help

Your supervisor or the office for access & technical help.
